HISTORY OF *New York* RESTAURANT

In 2003, New York was a significant hub of social activity in Chisinau. The restaurant was adorned with eye-catching New York visuals and had a welcoming atmosphere, offering a blend of original American and international classic cuisine and beverages. Despite the city's Soviet-influenced lifestyle, New York demonstrated that a friendly, fun place with an American character could be created.

The quality of service and cuisine at New York was exceptional and on par with world-renowned restaurants of similar concepts. Happy hours, themed parties, and special event days were among the offerings that attracted a diverse mix of locals and foreigners.

Unfortunately, in 2006, the restaurant was forced to close down due to a commercial decision made by the owners. However, in 2016, New York reopened its doors in Radisson Blu Leograd Hotel Chisinau, offering more tempting options, exclusive dishes, and the perfect atmosphere for its beloved guests.

In September 2019, the owners of New York Restaurant opened a second location in Courtyard by Marriott Chişinău Hotel, providing yet another great spot for guests to mingle and indulge in the exclusive atmosphere.
